To help you understand the key obligations and responsibilities under the law, we have created a one stop shop of data protection guidance via our JOIC toolkits. The toolkits have been designed as a quick and easy way to help small, medium and large organisations navigate data protection through a blend of infographics, step-by-step guidance, templates, checklists and videos and can be accessed at [www.jerseyoic.org/toolkits](http://www.jerseyoic.org/toolkits).
